READER'S NOTE: Cup matches in Spring 2022 are to be conducted under the Free Guess Rule. All normal rules of a match apply, except when the first player gives an incorrect answer or has time run out, that is treated the same way as if they had "passed." Their captain can still designate one of the three remaining teammates to give an answer for one point. Play then proceeds as normal.

This Cup match is part of a "group stage" so ties are possible. All teams will play the first three weeks.
